“Love one another as I have loved you .”

Dear Parents and Carers,

What a week this has been – delighted to have the children back and attendance has been high and there has been a lot of great work done with children settling in – hearing about hobbies people are learning and developing – what a talented group of children from BMX Champions to Learning Korean. High aspirations and high expectations by you the parent is contributing to the children rapidly catching up. But what weather we are having – Biblical. Beautiful Sunny days and torrential rain – I hope that you have not been affected but please let the school know if we can help you.

Thanks for the help (and feedback) this week as we return to the new normal. The routines at the beginning and end of the day have been good. I am still in contact with the Cherry tree to see if there is more that they can offer us and will keep you posted.

The Wraparound provision of breakfast and after school Club is growing and I am aware that more of you are going back to the office. If you are please take advantage that the school now takes the Child care vouchers so that works like a salary sacrifice scheme – it means that you do not pay tax on your childcare – a substantial saving especially when national Insurance is set to rise- you may find it helpful. For details check the website and look under Parents and Wraparound Care.

The Year 3 children will make their First Communion this October and we will shortly be sending out the Zoom invitation to the parents meeting

Flu Vaccine

From the NHS Website

Getting the flu vaccine

There has never been a more important time to make sure you, and those you care for, are protected against serious illnesses such as the flu.

We are asking everyone who is at risk of being affected by the flu to get vaccinated this autumn. By having the flu vaccination, you will help protect yourself and others from what can be a severe, and sometimes fatal, illness which could lead to hospital treatment. You will also be helping to protect the NHS from coming under pressure this winter.

Who should get the flu vaccine?

This year the flu vaccine is being offered on the NHS to:

- frontline health and social care workers
- children aged 2 to 11 years old
- pregnant women
- members of a shielding household
- adults aged 65 and older

- people receiving a carer’s allowance, or the main carer for an elderly or disabled person whose welfare may be at risk if their carer falls ill

We have been advised that the health team to deliver the Flu Vaccine for children will be on Tuesday 28th September 2021.

[Information can be found on the school website](#)

The session(s) for St Alban's I will be held on Tuesday 28th September 2021.

We have also organised a catch-up session to be held on Thursday 6th January 2022. These sessions will be all day sessions to start at 9:15am

Maths Whizz!!!!

Waiting on the Official List but.... These are the children that worked really hard on the Summer Maths Challenge – that is the children who consistently met the targets for the full 6 week period.

You should be immensely proud of yourselves for working so hard in the summer!

This is the “unofficial list” I wonder who will get the golden ticket!!!!!!
