

As Part of the school's desire to get better we have been undertaking parent surveys.

St Alban's is a listening school and the most recent results are below for the parents survey about the Catholic Life and Mission of St Alban's.

In July 2022, we held an online parent survey. Results were anonymous. 43 families responded. Results are shown below. We were thrilled with the results and feel that they reflect a positive feedback from our families.

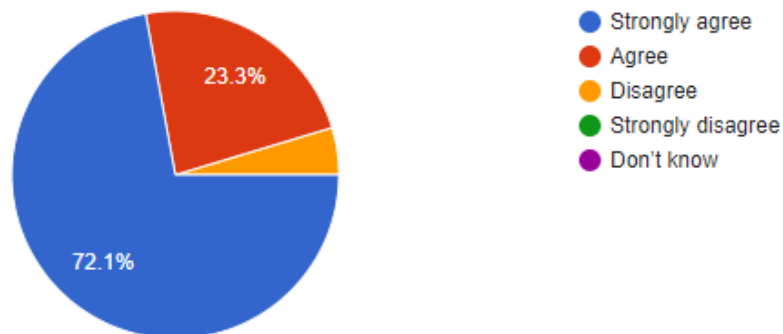

95.4% felt children were happy and safe in school- we want however to make that 100%.

We will write an action to be shared with our Parents' Forum in October 2022.

Please contact the school if there is anything that you believe that we can do to make that 100%

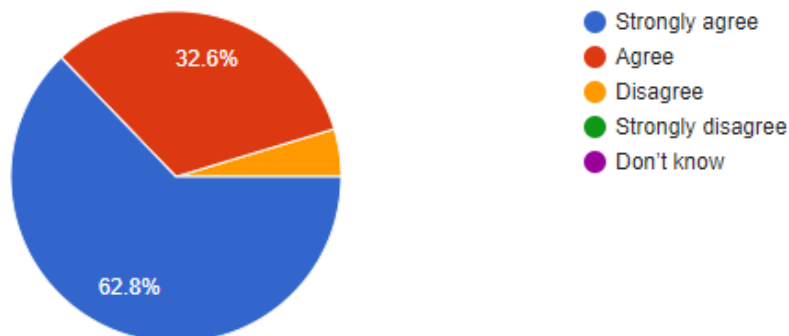

My child feels safe at St Alban's
